

STEPS TO ELABORATE AN INSTRUCTIONAL FLYER

PRESENTADO POR :
CÓMO DIGO EN
YOUTUBE

- 1** Select the natural disaster and the audience it will be made for.
- 2** Now brainstorm the information you will provide.
- 3** Select or create matching graphics.
- 4** Make a list of instructions and sequence them logically.
- 5** Use sequencing words to connect the instructions (first, then, after that, next and finally.)
- 6** Check for correct grammar and spelling.
- 7** Add the visuals according to the information given and the audience.
- 8** Present it.
